Poll

ACDC

"Back in Black" Ted Nugent

In the last issue KL published that THS students preferred ROCK by quite a large margin.

Question number two on the poll was: "What is your favorite album?" The big winner is "Back in Black" It received twenty votes. "The Game" came in second with 8 votes. "Paradise Theatre" also garnered eight votes. "High Infidelity" got third with six votes. In fourth spot is "Zenyatta Mondatta" with 5 votes. The following received four votes: "Highway to Hell", "Rush 2112", "It's a Lovething", "Eagles", "Point of Entry". And with three votes were:

"Gap Band III", "Aerosmith - Live", "High Voltage", and "Iron Maiden."

The 8th graders favored "The Game" by Barbara Streisand, and then they selected "Back in Black"; the freshmen liked "Back in Black", but they gave it only one more vote than "Point of Entry" by Judas Priest and "Rush 2112". The top picks for the 10th graders were "April Wine" and "Back in Black". The juniors tied on "Back in Black" and "Paradise Theatre" and the seniors went with the winner.

The favorite THS group

is You guessed it ACDC ! It received 52 votes. "Styx" came in second with 15, "Police" followed with 11, Black Sabbath with 10, Queen, Swift, and Rush with 5, The Jacksons & Eagles, had four votes each. The following had three votes: REO Speedwagon, Judas Priest, Oakridge Boys, and ABBA.

The seniors only gave ACDC one vote. They gave their weight to the Oakridge Boys - a whole two votes.

Only 22 seniors filled out the music poll. Don't seniors go to first period class? Twenty 8th graders and 17 freshmen selected ACDC and that made them the winner right there.

Super Seniors

By Tammy Cromartie

JON O'NEIL

THS has an outstanding student who was voted athlete of the year by the coaching staff. This super student is Jonathan O'Neil

THS has an outstanding student who was voted athlete of the year by the coaching staff. This super student is Jonathan O'Neil who stands 6'3" and weighs 185 pounds.

Jon was chosen for many reasons, one being that he holds the school record for the number of letters he has earned. 11 in four years.

Jon has earned four Varsity letters in football. Which he has been captain of for the past three years, and All conference Quarterback for two.

Jon has four more Varsity letters for wrestling. He has also been the captain for the past three years, and he has a four record he can be proud of. 39 wins and 5 losses. Jon holds many records for the '80-'81 season. He was the Spain Regional Champion in his weight class, and he captured the title "Most Pins in the Least Time". Jon also holds a record of 8 win by falls and one loss by default.

Jon has seized three more Varsity letters for his achievements on the soccer field. He has been the starting halfback for, again, three years running. And to top his sporting career here at THS he was elected All Conference Halfback for the '80-'81 season.

Last but certainly not least Jon O'Neil was one of the people nominated for the Stars and Stripes "Athlete of the year award" A fitting nomination for such an outstanding athlete

Marisa Quintanilla

Marisa Quintanilla was nominated Athlete of the Year for THS and she well deserved the title. Marisa is another person who holds the record for the most earned Varsity letters. She also has eleven letters.

Marisa has been voted T.H.S. Athlete of the year twice, voted all Spain Tournament MVP three times, named to an All-Conference team seven times, named to an All-Tournament Team eight times, and she has won six individual Regional Titles in Track and Field.

Marisa has never taken the easy route in any activities that she has undertaken. Her successes are based on careful preparation. In every sport that she has undertaken, Marisa has been a student of technique, constantly reading, seeking advice, and observing the skills of others. She is a tremendous competitor yet well respected by her opponents for her fairness and integrity as much as her hustle and desire.

As in the case of Jon O'Neil, Marisa was also a nominee for the Stars and Stripes "Athlete of the Year" award.

Knightlife wants to congratulate both of these fine athlete's and wish them the best of luck in the future.

HOW TO SUCCEED AT T.H.S.!!!

3

KI collected some bits of advice from the class of '81 on how to succeed at THS. Here it goes:

P. G. - The more you study the more you learn; the more you learn the more you know; the more you know the more you forget; the more you forget the less you know. So why study?

D. E. - Brown nose. Work hard. Things I never did.

M.C. - Just do what you got to do.

S. H. - Work hard and get good grades because it's a rough road out there.

K.S. - If you live in the

poop down, brown nose! Otherwise you've got it made as long as you stay away from Mr. Mathews.

E.V. - Please take ROTC and get active in school!

D.A. - Do your work in all classes and you'll be set!

* * *

M.Q. - If you go out for sports and stay dedicated, then you might have a future. Also if you stay up late doing homework, then you're liable to succeed with a C.

G.M. - Work hard and conscientiously at everything. Maintain a good sense of responsibility and try to excel or simply do your best.

S. G. - Say your prayers every night and study!

* * *

C.A. - Do your homework on time and don't skip classes (and if you do, don't caught.).

J.C. - Skip as much as possible without getting caught; take lots of sports trips, so you can miss school.

J.S. - Don't take things seriously; join as many sports teams as possible - only for the trips.

M.S. - Hard work, academic courses, and determination; just be yourself.

S.G. Be sure to have lots of German chocolate cake and fudge on hand for depression. It really helps.

* * *

J.R. - Keep an open opinion of everything and don't take anything too seriously.

N.B. - Study hard and get on with the people - all the people.

M.G. - Keep up with your work.

S.B. - Don't make F's

M.S. - Never procrastinate.

* * *

M.G.--Try to get work in on time; try to get along with teachers; try not to get senioritis too early.

C.G. - Talk fast, act slow, and you'll go along way.

T.L. - Kiss everyone's _____ and you'll pass.

B.K. - Have good study habits and do the class work.

* * *

R.A. - Study enough to get A's.

C.L. - Do your work!

A. M. - Make the best of it, and when you become a senior enjoy highschool and don't get senioritis too soon.

J.O. - The only think you have to do is to keep up with the simple homework (if there is any) and don't fall behind.

* * *

B. S. - Be aware-listen - do things for yourself as well as for grades.

N. T. - If you give it your best, you can do anything; get the grades you deserve.

J.S. - To succeed at THS along with studying and going to class, you should participate in school functions, and the year will be more interesting if you do.

J.D. - Get involved in some-

thing that you like and don't worry about peer pressure.

P.M. - - When teachers say "Do this" just do it! And pick easy classes.

T. A. - Ignore it; after four years it will go away.

Late News

Next year no major changes at THS are in sight, but here are some definite and possible changes. Mr. Casteel is leaving for a year to go to a computer school in Arizona, and it is not known who (if anyone) will take his place next year. Mr. Casteel (affectionately known as "Carl") will probably be back in 1982-83 the seventh graders will become part of THS. Some students may be dismayed at this, but many teachers feel that if they are as mature as this year's eighth grade class has been, then they will be a welcome addition to THS.

Journalism will probably be offered as a course next year and so will another writing - graphics course which will be concerned with the yearbook.

Another resource teacher will be added to the staff, so Mrs. Stickney will have a colleague.

Many teachers have recommended that we have a rotating schedule next year, but others are adamantly opposed.

Some teachers and coaches are concerned about the number of days of school that student-athletes miss in the interscholastic program, and they are pushing for a host-nation or intramural sports program, but this isn't the first time this concern has surfaced, and nothing has ever happened.

FAREWELL MESSAGE from the PRINCIPAL

A year is filled with possibilities to grow, to develop, to learn. We, the faculty and administration, feel that this year at Torrejon High School has been a good one. Many opportunities have been offered to you. The class selection is diverse; our extra-curricular program, surprisingly vast.

The country in which we live affords us unique experiences unavailable to many people. Now is a time for you to evaluate yourself. What have you done? How have you changed? Are you becoming the person you want to be?

I wish all of you a happy summer. To those of you leaving Spain, I hope that you take with you the knowledge and experiences which can be acquired only through contact with another culture. To those of you returning, may next year offer you the chance to accomplish what remains uncompleted, as well as the desire to set new and challenging goals for the future.

Can anyone explain how shaving cream manages to "motate" up and down hallways? . . . What went on in room 208 on Wednesday night? . . . How about the Toga party that nobody went to? . . . And what about "Chicken and Chips"?

Senior Predictions 7 (Cont. fr. p. 6)

kept on, it encountered a good idea would be to throw some bodies over-board so as to keep the sharks occupied. A decision had to be made, but Chip Taylor along with David Bloom, Maria Cole, George Collins and Linsa Fox all volunteered to jump over the side which they did with a little friendly push from J.J. Fronk, owner of Eye Shadow Firm. Play bou Bunnies, Melisa Garcia, Toni Garn and Sandra Garza all began to weep for the poor sharks who had to eat them. Just then the ship hit a reef. It slowly began to sink, all the passengers were running for their life boats except Eugene who said the

pledge of allegiance while he went down with the ship. The survivors were rescued by Carl Gioia, a Norwegian fisherman and his boat. Kurt Sprague, Cecil Steveson, Ken Steveson and Joe Sullivan all runners up to Mr. America rowed the small boat. Doug Varner, wanting to take the boat hostage pulled out a gun and tried to make them listen to him but Susan Thomas jumped him from the back and they both fell to the sharks. As they finally arrived at Mallorca, two FBI agents,

Ana Swann and Natalie Tanner took Susan Thomas, Michelle Ward, Linda Weaver, Christi Welter, Kim Yates Anne Yount and Stephanie Urey, into custody for having robbed a Candy Store. But Sandra Houston escaped and ran to the Hotel Bahia Park where Hotel Manager Alan Rice was sitting. She picked him up with one hand and threw him in the pool making the 1981 class reunion a success.

"Adios"

From Your Editors

To the Student Body and Faculty, Jose and I wish to express our gratitude for the support that you have given Knightlife. This year has been a rough year, due to a smaller staff, but over all we have tried to make the best of it for you to enjoy it. We hope that in the future, you, the student body and faculty, will continue to show your interest in Knightlife.

Next year Knightlife will probably be published in a Journalism class, so there will definitely be more workers and you should have a bigger and better Knightlife. So if anyone is interested in helping with the staff please feel free to talk to Mr. Gahan. We feel that Mr. Gahan is

a good teacher and he has helped out alot. If it wasn't for his guidance and willingness to work with people who have an interest in Journalism there probably wouldn't be a paper. Thank you Mr. Gahan.

Jose and I would like to say that due to the fact that this is the last issue we couldn't get information on: Senior Prom, and Graduation, plus other events that took place after press time but I am sure everyone had a wonderful time. Once again we would like to say thanks and good luck in the future.

Editors,
Jose Benavides
